PROTOTYPE[†]

DESIGN BY FELIPE PROTTI

© PROTOTYPE_SP

Prototyp& is a design studio founded in 2014 by the architect, designer and art director Felipe Protti under the concept *factory floor** - an independent design path that converges into architecture, interiors, set design, furniture, product and graphic design.

The studio, located in Vila Madalena is also a showroom with workshop for prototypes, where ideas are created and developed, involving small suppliers in dynamic and handmade processes.

**Factory floor is the expression used by designers and architects to designate knowledge of production techniques and materials from a factory. It is also a term used to designate the place where the manufacturing process is executed.*

upholstery in linen, hand knitted tricot pillows,
double-sided quilt, details in brass.

—

GOMA SOFA

Black microtextured painted carbon steel structure, upholstery in textile and hand knitted tricot, movable side table in solid wood. Details in brass.

STRIPES EASY CHAIR

Black microtextured painted carbon steel structure,
leather upholstery, hand knitted tricot pillow.

—

MONTANA BERGÈRE

Black microtextured painted carbon steel structure,
leather and suede upholstery, leather and cotton straps.
Ottoman using the same materials.

MOLA EASY CHAIR

Navy plywood CNC made laminated
with pine wood veneer.
Industrial string.

BOOMERANG EASY CHAIR

Laser cut black carbon steel,
upholstery in leather.

BOOMERANG SHEEP EASY CHAIR

Laser cut black carbon steel,
upholstery in leather and sheep fur.

—

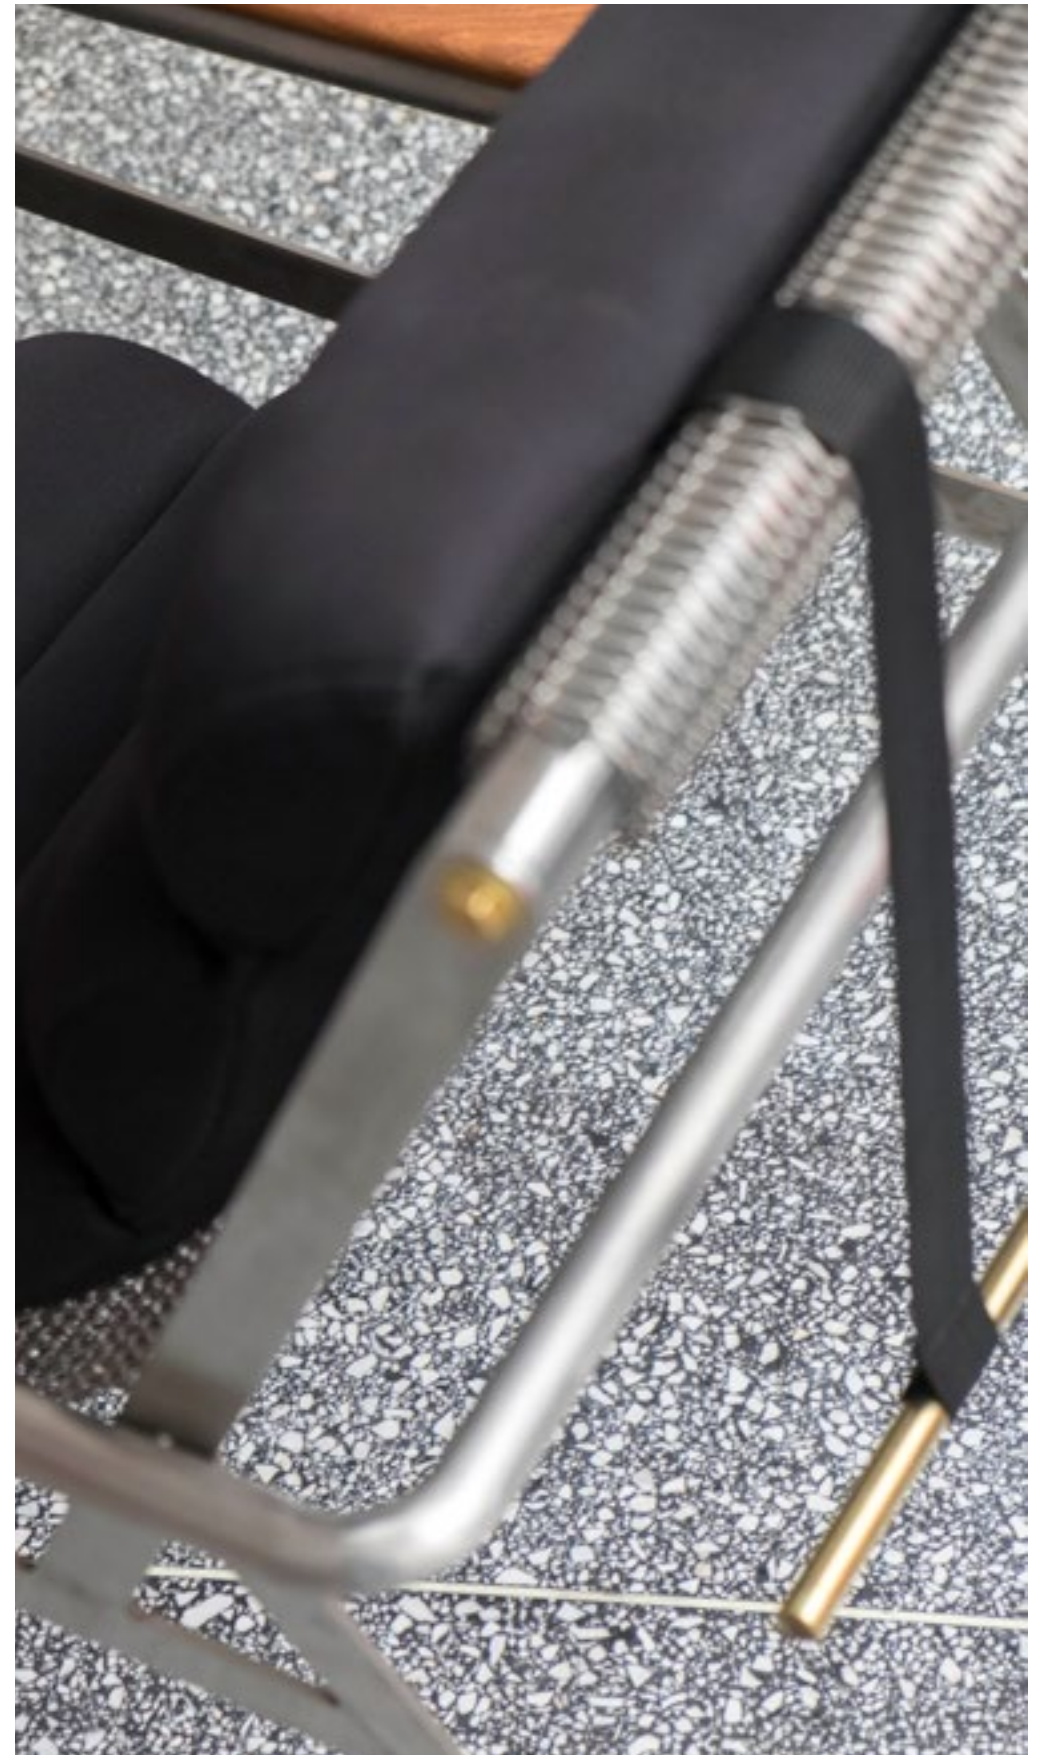

TREVO DRINK EASY CHAIR

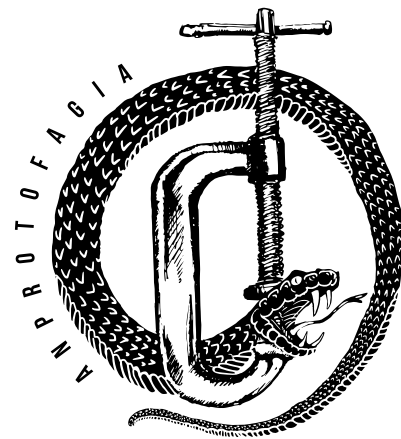

Black microtextured painted
carbon steel structure, leather,
cotton upholstery.
Details in solid brass and wood.

TREVO DRINK INOX EASY CHAIR

Stainless steel structure with details in brass,
stainless steel mesh and upholstery in neoprene.
Suitable for outdoor use.

TREVO DRINK ARMOR EASY CHAIR

Black microtextured painted carbon steel structure,
stainless steel mesh, leather upholstery,
solid wood and details in brass.

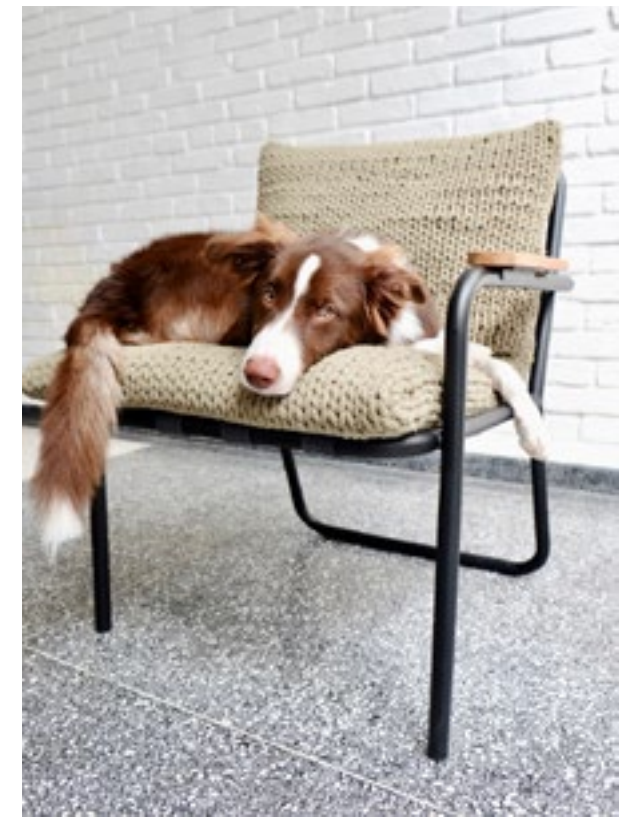

TREVO BASIC ARMCHAIR

Black microtextured painted
carbon steel structure,
hand knitted tricot pillow,
armrest in solid wood and
leather with cotton straps.

—

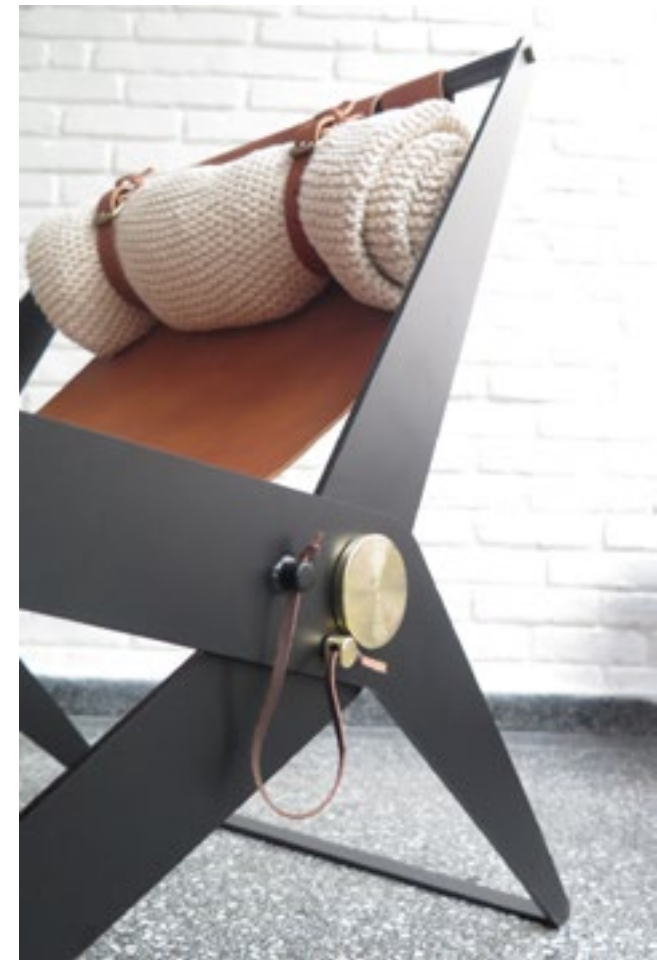

PLIANT BOOMER EASY CHAIR

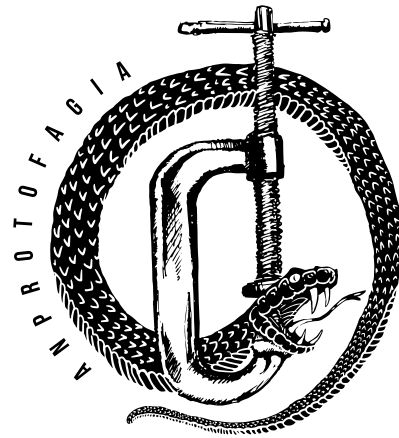

Black microtextured painted
carbon steel structure,
details in brass, suspended
leather seat and head support
in hand knitted tricot.

—

PLIANT INOX EASY CHAIR

Stainless steel structure with
brass details, stainless steel mesh
and towel head pillow.
Outdoor suitable.

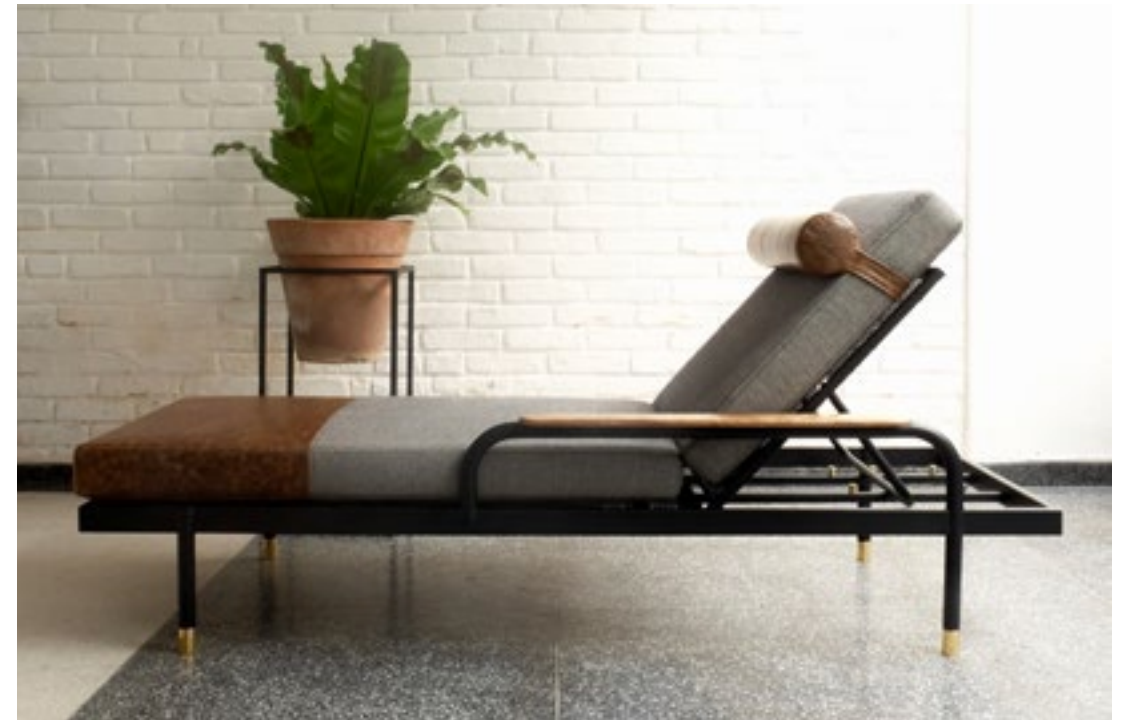

DACORDA ARMCHAIR

Black microtextured painted carbon steel structure,
nautical rope, leather and cotton straps,
details in brass and arm support in solid wood.

TELL ME CHAISE

Black microtextured painted carbon steel structure,
leather and cotton upholstery, details in solid wood
and brass.

GOMA BENCH

Black microtextured painted carbon steel structure,
canvas upholstery, leather straps and side table
with wood veneer.

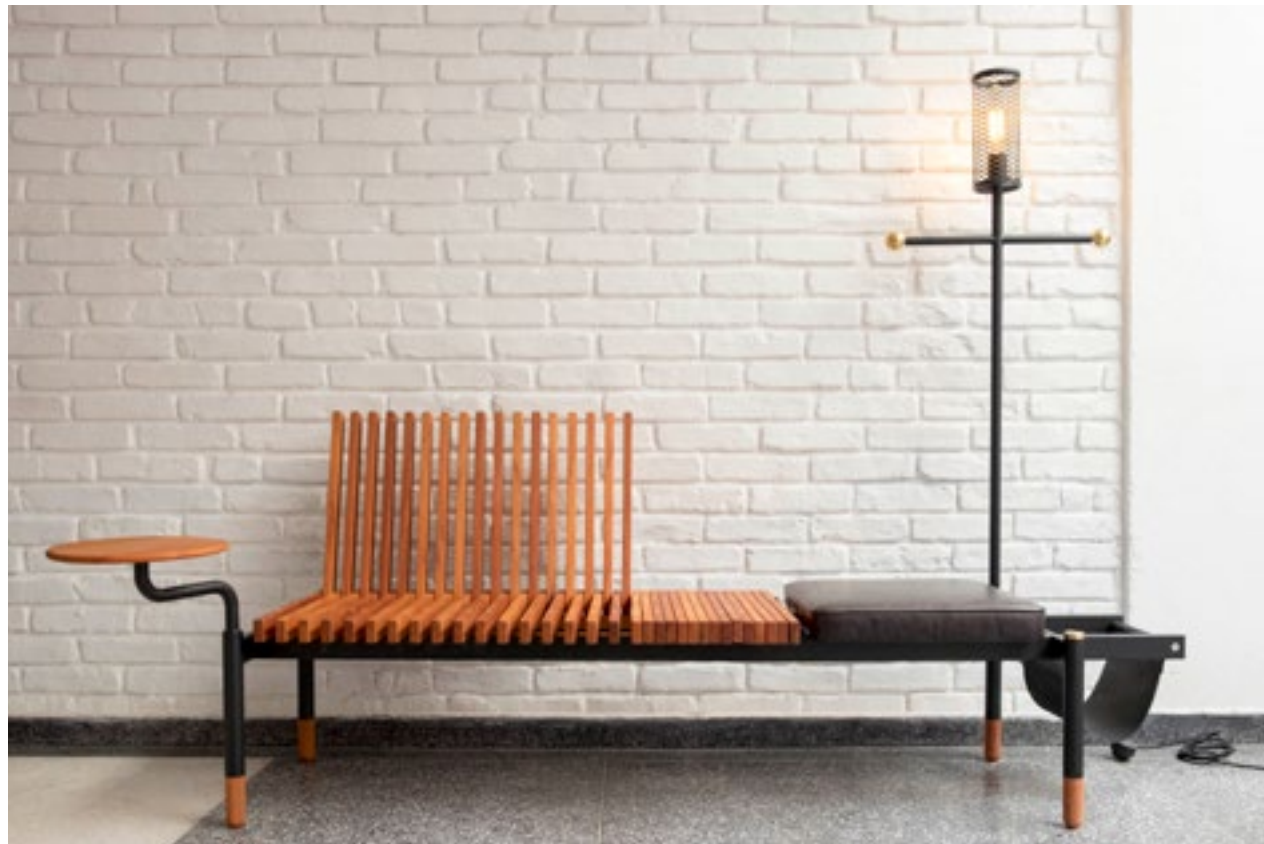

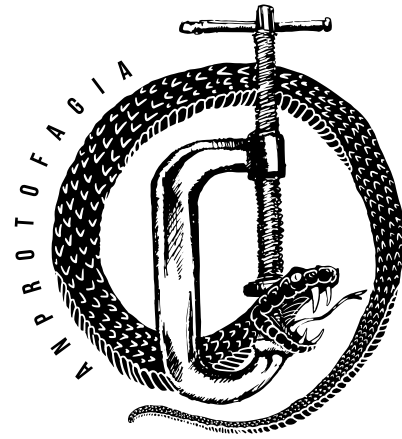

SITTABLE BENCH

Multifunctional piece. Sometimes a bench, sometimes a side table.

SITTABLE MOTEL

Black microtextured painted carbon steel structure, articulated solid wood slats, leather magazine rack, light fixture and details in brass.

SITTABLE CHAIR

Multifunctional piece.
Sometimes a bench,
sometimes a side table.
Articulated solid wood slats.

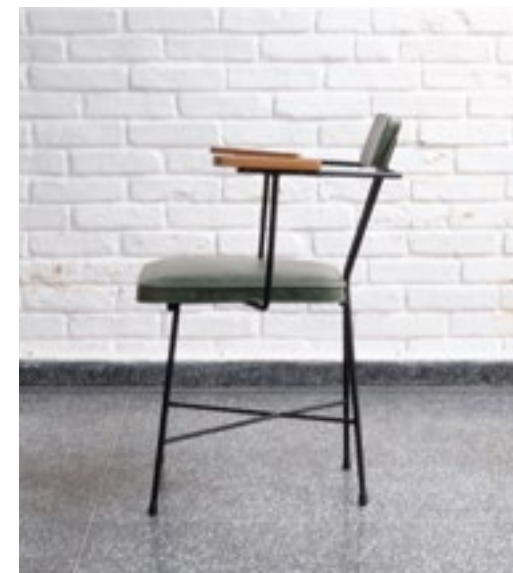

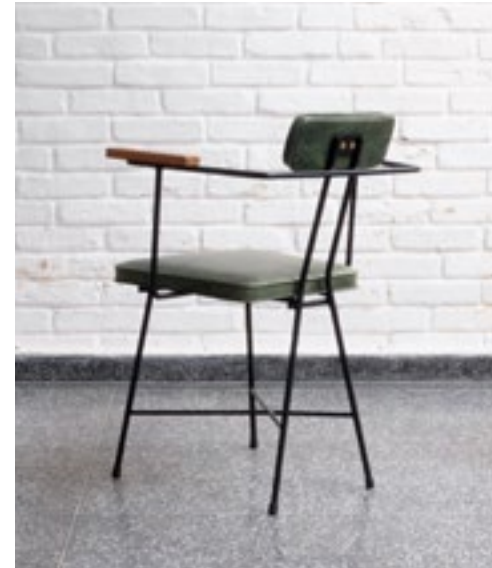

BOOMER CHAIR

Black laser cut carbon steel
structure, solid wood
and leather upholstery.

SENTAH CHAIR

Black microtextured painted carbon steel structure,
solid wood and leather upholstery.

BRASS SENTAH CHAIR

Brass structure,
solid wood and sheep fur.

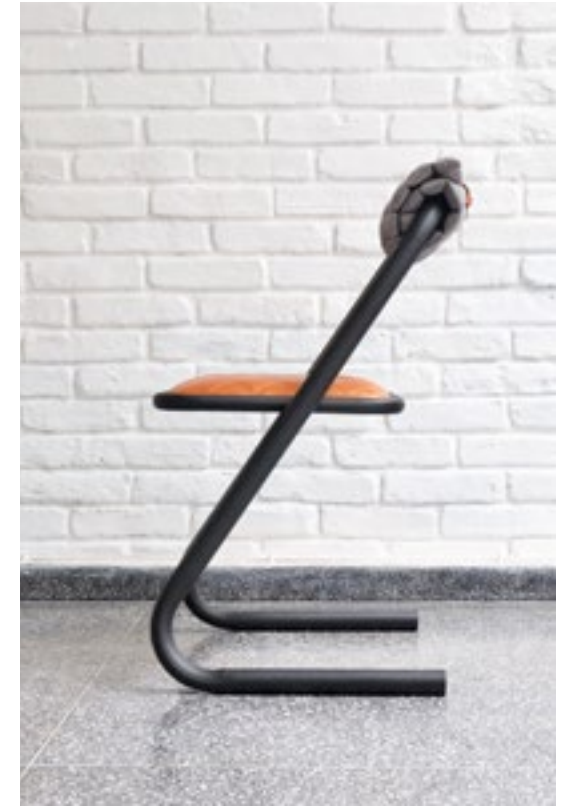

DOTS CHAIR

Black microtextured painted
carbon steel structure
and leather upholstery.

BROCA CHAIR

Black microtextured painted
carbon steel structure,
backrest in cotton
and leather upholstery.

—

NINI CHAIR

Black microtextured painted carbon steel structure with cotton upholstery.

BOOMER STOOL

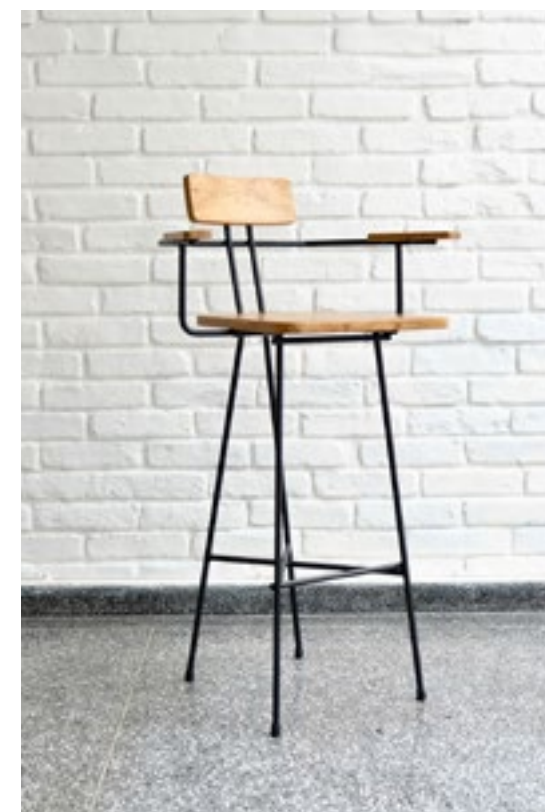

Black laser cut carbon steel
structure, solid wood
and leather upholstery.

SENTAH STOOL

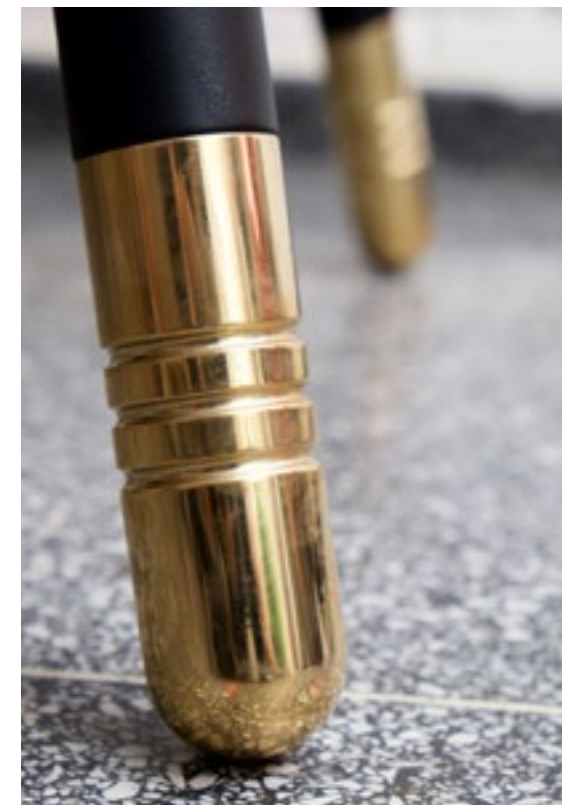

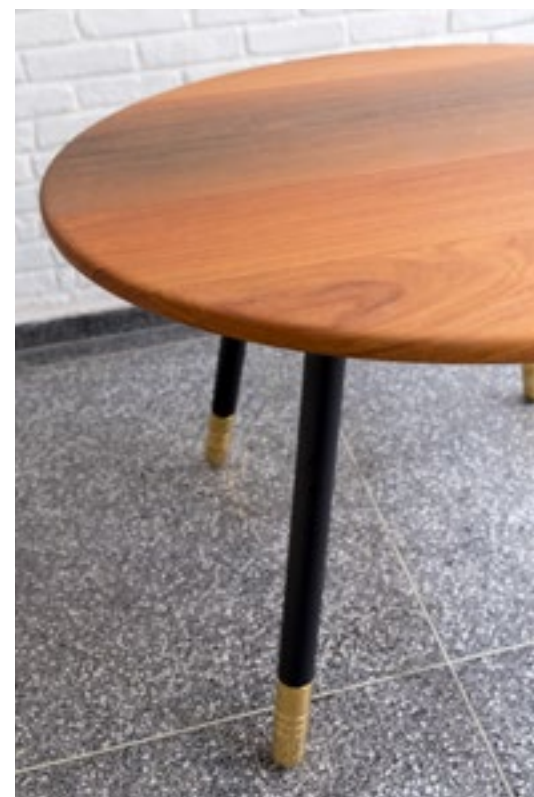

Black microtextured painted carbon steel structure and solid wood. Leather upholstery available.

SOCKS TABLE /DINNER

Black microtextured painted carbon steel structure. Tabletop in black slate or solid wood. Table socks in machined solid brass.

DOTS TABLE /DINNER

Carbon steel structure. Tabletop in solid wood with solid brass buttons.

OBI TABLE /COFFEE

Brass structure and tabletop
with sandblasted tabletop slate.

OBI TABLE /SIDE

Brass structure and tabletop in black marble or granite.

NINO TABLE / COFFEE

Black microtextured painted carbon steel structure,
wired glass tabletop, solid wood and marble.

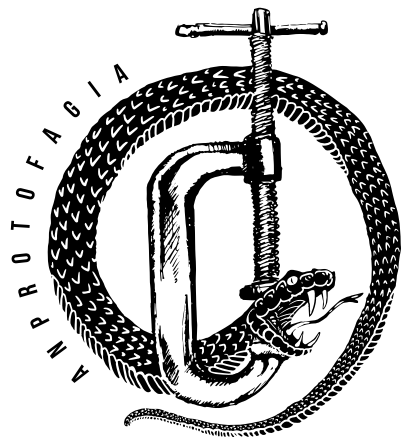

PLAY TABLE /SIDE

Black microtextured painted
carbon steel structure,
solid brass and marble tabletop.

NAJA TABLE

Black microtextured painted
carbon steel structure,
solid wood and brass.

—

SPECULUM MIRROR

Carbon steel frame, leather
and details in brass.

ESCUDO MIRROR

Black microtextured painted
carbon steel structure and brass.

VITROLA SIDEBOARD

Black microtextured painted carbon steel structure,
ironwood veneer and details in brass.

—

PIMP RACK

Brass and carbon steel structure,
solid wood boxes, leather and marble.

DORMENTE LIGHT FIXTURE

Demolition wood and reflective slabs
in cooper/brass/perforated steel.

MM BOOKSHELF

Black microtextured painted carbon steel structure, perforated shelves and bottom drawers with freijó wood veneer.

FRAMES

VASE: Black microtextured painted carbon steel structure and clay vase.

LP: Black microtextured painted carbon steel structure and leather/stainless steel mesh.

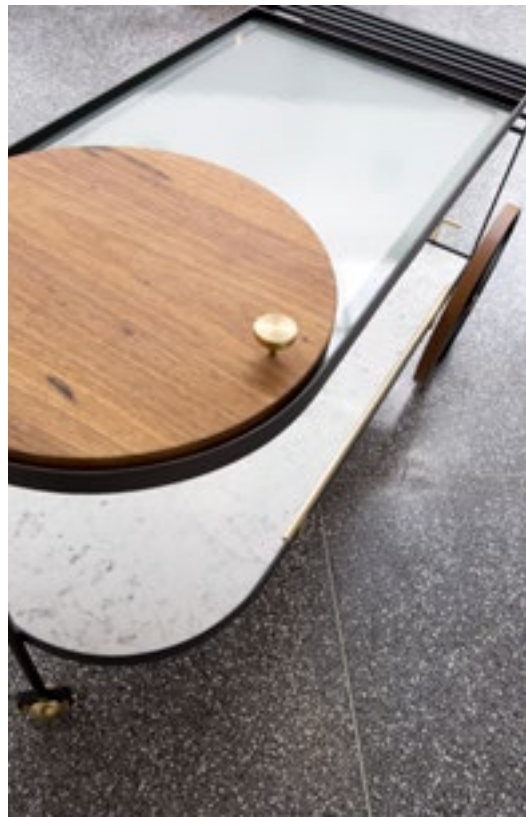

MEKAL TEA TROLLEY

Black microtextured painted carbon steel structure with tray and shelves in solid wood. Wood wheels.

MEMPHIS TEA TROLLEY

Black microtextured painted carbon steel structure,
solid brass, leather, glass, marble and solid wood tray.

BOOMBOX

Black microtextured painted carbon steel structure,
plywood wooden box covered with freijó veneer,
leather and brass. Bluetooth/RCA/P2 available.
100W sound power.
